Sensor

Scan Max  
A4

Zero Second  
Warm-Up

Intelligent  
Proprietary  
Software

## Advanced OCR

OCR (optical character recognition)  
recognize up to 180+ languages,  
help you layout scanned document enable editing.

The CZUR Shine 800 and 500 Pro are models designed to be powered and operated via a Windows or Macintosh computer USB 2.0 port. Travel light and scan wherever the work and laptop take you.

Mobile workers in banking, insurance, public service, research, education can now scan and store important documents on the move.

Lawyers, land agents, bankers and security staff can scan and record ID cards, passports, and documents.

Students, teachers, and lecturers may find the Video facility an especially useful presentation option.

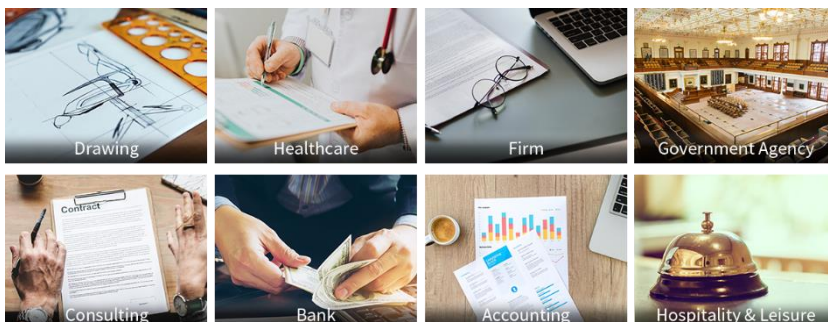

CZUR's advanced software, adjustable lighting and a sharp focus camera produce clear images.

Page flattening in the CZUR Shine 800 and 500 Pro models is designed for single sheets to ≥A4.

Multilingual OCR converts scans into editable documents.

Elegant, intelligent, and efficient, an ideal companion to enhance every working space.

Fast, efficient, and capable of creating quality records across a very wide range of human activities.

CZUR Shine Pro – made portable for your personal convenience.
